## WELLINGTON FIRE DISTRICT IMPROVES PUBLIC FIRE PROTECTION CLASSIFICATION

WELLINGTON, Colo – Through the continual support of our community, the Wellington Fire Protection District (WFPD) is proud to announce the improvement of our Public Protection Classification (PPC). For citizens and businesses within five road miles of a WFPD fire station AND have access to a municipal water source, the classification has improved from a 5 to a 3. For those residents and business owners within five road miles of a WFPD fire station BUT have no municipal water source, the classification has improved from a 7 to a 5. With this new classification, you may see a reduction in your home or business insurance premium. We encourage you to contact your insurance provider to see if the WFPD's new classification will affect your policy.

The Insurance Services Public Office Protection Classification (ISO-PPC) is based on a grading scale from 1 to 10. A 1 classification represents superior property fire protection, and a 10 classification indicates that the area's fire protection does not meet ISO's minimum criteria.

WFPD station addresses:

Station 1: 8130 3<sup>rd</sup> St., Wellington, CO 80549

Station 2 (Waverly Station): 108 W County Road 66, Fort Collins, CO 80524

Station 3: 3019 E County Road 82, Wellington CO 80549

For a copy of the Public Protection Classification, please visit [www.WFPD.org](http://www.WFPD.org).
